## ABOUT ME

Hello!

My name Andre, I came from small city named Sekadau; 7 hours trip from Pontianak, West Borneo. Of course I am Dayaknese, but I did'nt eating people as you know about "Dayak people" before.

Talking about my education, I'm just normal people from elementary to senior high school. Nothing special till the day I decide to studies on Bina Sarana Informatika while all high school friends choose to enter state universities.

I learn a lot about technology, about social media trend, about digital marketing, learn about people, learn to write good so you keep reading this so far. Every day I keep learning, but with some work experience you can see in the "timeline", I am confident I can help your company to **work on Digital Marketing.**

I Skilled in content/copy writing, search engine optimization, seach engine marketing, social media managers, social media ads, and another digital activation. I know you are grinning to read this, but please do not hire me to do all those things in my work. I can only do a few things with my best.

That's a little bit about me, you have my phone number at the top if interested to know more about me :)
